# STRATEGIC FOCUS - DEVELOPMENT

**KUSILE** seeks to actively pursue various investments, strategic partnerships and other joint-venture arrangements geared towards active involvement, shared value, sustainable growth and prosperity.

We have identified and intend on focusing on high growth commercial nodes and basic social infrastructure, the balance of which are critical in the development of a sustainable, responsible and cohesive economy

Our aim, therefore, is to create the necessary enabling environment for business to thrive and collective prosperity to manifest.

# STRATEGIC FOCUS - DEVELOPMENT

Packaging and executing greenfields and expansion projects in:

- Township development
- Commercial developments
- Turnkey developments
- Specialised facilities

# STRATEGIC FOCUS – Programme Management

Our competencies serves all **KUSILE** projects dynamically with the highest available expertise in providing customized outcomes.

We are committed to obtain the best project performance and long-term customer satisfaction by utilising a fully integrated project management approach. We are committed to not only developing innovative solutions but also to delivering the outcomes within our client's strategic objectives, time, budget and quality parameters.

We guarantee customised, reliable and efficient project delivery support allowing businesses to concentrate on their core activities while we take care of project definition, costs, coordination and successful accomplishment. Our partnership with the client enables us to provide advice, guidance and consultancy support at all the stages of the delivery pipeline.

# CAPABILITY

We have gathered excellent and proven project experience spanning over twenty years and we capitalize on the specialist knowledge gained through experience with different project types.

We combine commercial, management and technical skills with project knowledge and creative process design to provide maximum efficiency and minimum risk in achieving project outcomes

# MOTIVATION

## Strategic Alignment

Understanding of the necessity for fit-for –purpose facilities to enhance productive innovation

Embracing human interaction and inclusion – facilities where people thrive

Brand alignment – being 70 year with the positioning. To that end necessary to maintain facilities a excellent brand

Real Empowerment – empowerr are provided only access but also involvement, is able to deliver su

quality and facilities consistent  
agement and the interventions  
ie brand positioning as an

ened to individuals and entities  
on structure and active

“If you want to go fast, go alone. If you want to go far, go together.” – African Proverb
